

J&H Aitcheson  
Metro DC  
Annual Golf Tournament!

Please join us on  
**September 7th!**

**GET THE LEAD OUT!**

At J&H Aitcheson, we want to ensure that the No-Lead Act doesn't negatively impact your bottom line!

Effective January 4, 2014, Federal Public Law 111-380 will prohibit the sale of plumbing fixtures with a wetted surface area containing more than a weighted average of .25% lead. This law virtually eliminates the lead content of pipes, pipe fittings and fixtures intended to convey or dispense water for drinking or cooking. This legislation requires that all products comply with this mandate.

Because of the no-return policy by our manufacturers, it's a proactive move to act now to replace your inventory that contains lead.
