

Prime Perfect™

Trap Primer Valve

and Accessories

Install with Confidence

- Replenishes water in floor drain traps to prevent the escape of sewer gases.
- Activates with a 10 PSIG pressure drop at 30–250 PSIG.
- Water release is factory set—no adjustment necessary.
- Large port openings prevent sediment clogs.
- Widely accepted by engineers all over the U.S.
- Available wye splitter and distributors.
